EXPERIENCE :

SENİOR FULL-STACK WEB DEVELOPER

Sin Initiative | Mar 2021 - Present

Now I am working as a .Net development based Full stack web developer at Sin Initiative Limited Company. I am the team leader here and therefore I checked some projects. For example, ETA (E-Commerce Assistant), Uniworld (the students' general platform) and some other projects of Ajansstation (it is connected to Sin Initiative and deals with agency activities).

FULL-STACK WEB DEVELOPER

Turn LLC | Feb 2021 - Mar 2021

I have settled in Turkey and therefore have to leave Turn LLC. But after a short while I started remotely again.

WEB DEVELOPER

Turn LLC | Jun 2020 - Nov 2020

I was working as web developer base on .Net development in this company created by CMT Group LLC creators and them parners.

.NET DEVELOPER

CMT Group LLC | Feb 2020 - Jun 2020

I was supporting the company's ready-made ERP project (Micro). I was writing new methods for company requests.

EDUCATION :

MASTER İN MARKETİNG MANAGEMENT

Anadolu University,
Jan 2021 - Present

I wanted to gain new skills for my career so I decided to study marketing management.

MASTER OF ENGİNEERİNG - MENG İN COMPUTER ENGİNEERİNG

Azerbaijan State Oil And State University,
Sep 2019 - Jan 2021

I gained more skills as an IT Engineer. Thank you for the support of my teachers. But for some reason I had to stop this training.

BACHELOR'S DEGREE İN IT AND SYSTEM ENGİNEERİNG

Azerbaijan State Oil And State University,
Sep 2015 - Jun 2019

I specialized in this university as an IT Engineer. I learned more about this profession thanks to the support of my teachers and my contact with students who are interested in development and IT engineering.
